EDUCATION COMMITTEE
ACTIVITY REPORT FOR THE PERIOD JUNE 2009 – OCTOBER 2009

Assessment of education systems

I. Full member associations
Three associations have made changes to their education systems and these are being considered at the Hyderabad meeting. All associations except one have responded to the questionnaire looking at updates to their education system for the 2007 syllabus.

II New member associations
The education system of one new member association has been reviewed and is likely to be confirmed at the Hyderabad meeting.

III. Associations in transition
One full member association together with two linked member associations remains in transition as they need more time.

IV Education Assessment Working Group
It has been decided that this will not meet separately after Hyderabad but all work will be processed through the Committee directly.

Professionalism

A survey of professionalism education has been conduced and the results will be presented in Cape Town. A first draft is being considered at present. The Committee has also continued to work on a paper on the advantages and disadvantages of various approaches to professionalism and also on a template for delivery of professionalism training events. These will become Committee papers once agreed.

CPD

A review of the current Committee paper on CPD strategy has been undertaken and the suggested amendments will be discussed in Hyderabad.

Network for actuarial educators

The Committee is developing a network for actuarial educators and it is hoped that there will be a meeting in Cape Town. All associations are being asked to provide contact names for the network.

Mary Frances Miller, Chairperson
