Subject: INVITATION: ASSA Banking seminar

This message is being sent on behalf of the Actuarial Society of South Africa

The Actuarial Society of South Africa is hosting its second Banking Seminar at the **Westin** in **Cape Town** on **22 November 2016**. South Africa introduced the Banking Fellowship subject at the end of 2015, allowing actuaries to qualify as Banking actuaries. A number of actuarial societies globally have expressed interest to leverage the work performed in South Africa and implement the Banking syllabus in their own jurisdictions.

In view of this, the 2016 Banking Seminar is expected to attract numerous local and international actuarial professionals, including delegates to meetings of the International Actuarial Association (IAA), which will be held at the same venue from 18 to 21 November. The speakers that are honouring us at this event are known for their knowledge in Banking and Finance, the expected future of banking, technology, customer value analytics as well as the current African landscape.

To register for the event, or to obtain more information, please visit http://www.cvent.com/d/xvq2zc

Best regards,
The Actuarial Society of South Africa
