Tuesday 15 July – Tatton Park

Tatton Park is a magnificent estate with mansion, garden, deer park, farm and Tudor old hall. It is a neo-classical mansion, home to a grand array of antiques and furniture. It has a fine Victorian arboretum, including a fernery, orangery and Japanese garden. Tatton Park was the film location for the interior of Brideshead in 'Brideshead Revisited' (1979)

PROGRAMME

Tuesday 15 July – Chester

A 2000 year old city, with encircling walls.

Britain's most outstanding "black and white" city, on account of the large number of half-timbered mediaeval buildings which survive in its centre.

The city is also home to the largest Roman Amphitheatre in Britain.

Chester has a magnificent cathedral with a 900 year old history, where Handel's Messiah was first performed.

Chester is said to be the most haunted city in England.
