

# 31st International Congress of Actuaries ICA 2018

DAV

DEUTSCHE  
AKTUARVEREINIGUNG e.V.

## Invitation:

*The*

Deutsche Aktuarvereinigung (DAV)

*would like to cordially invite the actuarial profession to*

*hold its 31st International Congress of Actuaries 2018 in*

Berlin, Germany

**Exactly 50 years after the last International Congress in Germany, the DAV would be delighted to host this special event once again!**

**With regard to the traditional rotation of the International Congresses between the three most important regions of the actuarial world, the DAV will especially encourage actuaries in Europe to participate in the Congress. After the ICA in Cape Town and Washington this will also be an opportunity to hold this event in a non-English speaking country again.**

Having already demonstrated our sincere interest in hosting the ICA 2018 at the IAA Meetings in Quebec and Limassol with a brochure and the official bid book we would like to add the following video to the visuals given so far.

### WHY DAVOS...

**D** Davos is a small town of 1,000 residents with 400 strong traditions in the banking and insurance sectors. We have been planning our destination for some years. In the meantime, we are one of the biggest insurance markets here in Europe.

And Davos has the advantage of the experience with the event management organization.
