

GUNN ALBERTSEN

EXPERIENCE

ACTUARY STOREBRAND 2001 – PRESENT

I was graduated as an actuary from the University of Oslo, Norway, in 2002. From 2001 I have worked with Storebrand Livsforsikring AS, Norway. The Storebrand Group is a leading player in the Nordic market for long-term savings and insurance, managing more than NOK 570 billion, making Storebrand Norway's largest asset manager.

- I have a broad understanding of technical accounts for insurance companies, including performance analyses and presentation and dissemination of results
- I have management experience from three periods as head of different departments in Storebrand
- I was responsible for transferring reporting to Storebrand Baltic. Today, I am responsible for ongoing reporting, as well as follow-up internally and in Cognizant, as well as provide training. I am responsible and contact person for Storebrand Livsforsikring for reports to Finance Norway.
- I have a good process understanding

SENIOR STATISTICAL NYCOMED AMERSHAM 1999 – 2001

I worked with cross-disciplinary teams and my responsibility included planning of clinical studies, defining the number of patients to be included, analyses of the results, and interpreting and reporting of the results.

STATISTICAL MEDSTAT RESEARCH/ PAREXCEL MEDSTAT 1995 – 1998

I worked in Medstat Research (a contract research organization (CRO)) as a statistician.
