**Lisa** is a Principal and Consulting Actuary with Eckler Ltd. and is based in its Barbados office. At Eckler her work is focused on the employee benefits practice and she provides private and public sector clients in the Caribbean with advice regarding regulation, technical issues and professional standards.

Prior to joining Eckler Ltd in 1999, Lisa worked with a Barbadian insurance company.

Lisa graduated from the University of the West Indies with a Bachelors degree in Business, Economics and Social Statistics with First Class Honours. She holds a Masters degree in Actuarial Science from Heriot-Watt University, Scotland. She is a Fellow of the Institute and Faculty of Actuaries as well as the Society of Actuaries.

Lisa is an active member of the actuarial profession having served on the Council of the Caribbean Actuarial Association since 2000. She is currently its Immediate Past President. She has also been the contributing editor of its newsletter and has chaired its Steering Committee which is responsible for the Association's Standards of Practice. She is currently a member of the International Actuarial Association's Actuarial Standards Committee.
