## Zürich, Switzerland Council and Committee Meetings

1	Each serve different purposes	5/11/2015 11:11 AM
2	Either are good; it depends on the topic and speakers	5/10/2015 12:20 PM
3	I enjoyed the lunchtime speakers in London	5/10/2015 11:57 AM
<b>#</b>	<b>Comments for "The room set-up was suitable"</b>	<b>Date</b>
1	It would have been better to have the usual round table set up, where we could talk together. It was not helpful with the Education Taskforce being seen to "lecture" to the others.	5/18/2015 8:45 AM
2	It was a little tight	5/8/2015 10:59 AM

## Q4 Topic suggestions for future seminars

Answered: 7 Skipped: 89

#	Responses	Date
1	A broader topic on how to influence public policy	5/11/2015 6:19 PM
2	Professionalism	5/11/2015 12:43 PM
3	The opportunities, risks and ethical issues arising from the growth in data-driven analytics and algorithmic decision making.	5/10/2015 9:29 AM
4	Health insurance.	5/8/2015 11:53 PM
5	Both seminar was very interesting and important. Discussions at the end of it was very usfull from the practical point of view.	5/8/2015 1:47 PM
6	I'd like to suggest two hot topics: 1)the innoveted Core Syllabus :the members Associations reactions 2)ERM for industrial firms:theory and practice or research and experience	5/8/2015 1:18 PM
7	Business ethics	5/8/2015 10:55 AM

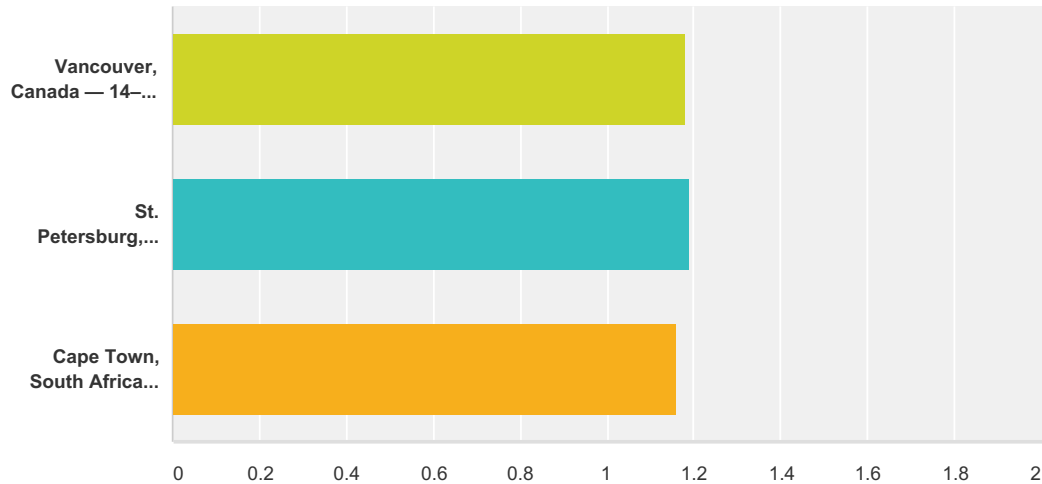

**Q5 We would love to hear from you. Please use this box to provide general meeting feedback regarding the Council and committee meetings held in Zürich which we could take into consideration when planning future events.**

1	Because meeting rooms are concentrated I could easily find meeting places.	6/11/2015 9:31 PM
2	I come from the Macedonian Actuarial Association. The meetings were very useful in order for us to get a clearer picture about the profession in the world. We are thankful to the IAA for providing us the opportunity to take part in the meetings in Zurich by covering the travel costs. Due to our size and lack of funds we are not able to attend regularly the IAA meetings, however this was a fantastic opportunity to get to know the latest developments in the education syllabus and standards, network with the associations from the region and exchange ideas about possible future joint initiatives.	6/11/2015 3:57 AM
3	The overall organization was great. The arrangement of the ASC seminar reception and the SOA reception was poor (and laughable).	6/10/2015 4:17 PM
4	No complaints, convenient location, spacious rooms, wifi, tasty lunches	6/10/2015 3:34 PM
5	Hotel was very nice. Excellent food. Location (distance from City Center) was a bit of a drawback. It made for more difficult coordination of things like dinner plans with colleagues. It would have been nice to advise delegates how to get from airport to hotel via train (much less expensive)	5/19/2015 1:03 PM
6	It was appropriately organized.	5/17/2015 9:09 PM
7	It would be good if the CEOs meeting had stronger agenda agreed in advance. The CEO IAA should chair the meeting. I think the meeting should be restricted to CEOs to encourage frank discussion.	5/11/2015 6:20 PM
8	Excellent organization of the whole event and the schedule was followed strictly. That's good for me.	5/11/2015 2:57 PM
9	The meeting was very well organized and executed. It would have been nice to have a bit more time between the end of the professionalism session and the bus departure for the dinner at Swiss Re.	5/11/2015 12:44 PM
10	The small portions, tapa-like formula, for lunch was very convenient. Standing up with servers helped mingling with various colleagues. We should try that formula again.	5/11/2015 11:14 AM
11	The event was great. Nothing to complain.	5/11/2015 9:06 AM
12	Went well. Stand-up lunches were and are good.	5/10/2015 12:22 PM
13	I really enjoy attending the meetings and the IAA staff really contribute to making it a pleasant experience. It is a pity that the venue in Zurich was not more picturesque but the transport was quite simple once we learned how to use it.	5/10/2015 12:03 PM
14	It's difficult for people to participate by conference phone, given the nature of most of these meetings. I wonder if it would be worth trying holding a telephone conference in advance of the main meeting where people not able to attend could provide input to the chair (or other officer) of the committee	5/10/2015 9:33 AM
15	Some meetings(life section on Friday, April 10) were listed as general but chairperson thought that the meeting is for members only. Although they extended curtsy but I would have rather known in advance to plan otherwise.	5/8/2015 11:58 PM
16	In the whole the meeting was organized very well. It will be good to have a more active partnership in the regional basis and summarize the result on the meetings.	5/8/2015 1:52 PM
17	my feedback is fully positive.My suggestion:repeat the Zurich model and style.	5/8/2015 1:25 PM
18	It is better that seminars would be allocated for before or after the committee meetings, not in the middle days.	5/8/2015 12:55 PM
19	I thought this hotel was really well laid out for our meeting. Also, I (and others also commented on this to me) thought the stand-up lunches worked out really well, even though they were Plan B. Could get a quick bite, socialize, and then go deal with work/email, etc.	5/8/2015 12:18 PM
