Career summary

Emile is a health care actuary with more than 15 years' experience. He was a partner in Deloitte & Touche, and joined Discovery Health as General Manager: Chief Health Actuary, in March 2007, with overall responsibility for the health actuarial work within the Discovery Group in South Africa and internationally.

Emile was the Convenor of Actuarial Society of South Africa's Health Care Committee from 2003 to 2007, and also served on the AIDS Committee and Short Term Insurance Committee of ASSA. He served on the Council of the Actuarial Society of South Africa until 2011. He also plays an active role in international health actuarial work. In May 2008, he was elected as Chairman of the Health Section of the International Actuarial Association.
