ABSTRACT

(TITLE OF PAPER / PRESENTATION TO APPEAR IN PROGRAM) (Name of Author/s)

Colm Fitzgerald

Key words: (enter up to 8 key words applicable to your abstract / paper / presentation)

Psychology, Risk Management, Behavioural Risk

Purpose of your paper: (To assist delegates / readers searching for your paper on the website after the event, please enter a brief description (maximum 220 characters) on the purpose of your paper.)

To highlight importance of behavioural risks to actuaries and to present methodologies to manage them.

Abstract: (Place text here using font size Calibri (Body) 11)

Colm will outline a model that can be used by actuaries to quantitatively assess psychological attitudes to risk taking and risk management. The methodologies also enable feedback to improve both an individual's and a group's psychological approach to managing and taking risk. The presentation is based on research funded by the Society of Actuaries in Ireland.

Note: If you are not presenting a paper for this Colloquium, please include as much detail as possible in your Abstract (maximum three pages) to enable delegates to prepare for your session.
