Draft Statement of Intent to issue an International Standard of Actuarial Practice on Governance of Models (ISAP [1A])

1. Do you agree an ISAP is needed on governance of models?

<input type="checkbox"/>	Yes
<input checked="" type="checkbox"/>	No

We don't know what would cause problems if we extend ISAP1 to include the governance of models. If the problem is not a big issue, we suggest to include the governance of models in ISAP 1 directly.

2. Do you agree that the ASC should attempt to find a graceful way of merging ISAP [1A] into ISAP 1 at an appropriate time provided that can be done without disrupting the adoption of ISAP 1 or creating other problems for member associations?

<input type="checkbox"/>	Yes
<input type="checkbox"/>	No

No Comment.

3. Are any of the proposed topics inappropriate for inclusion in ISAP [1A]? If so, please explain why the particular topic should not be included.

No Comment.

4. What other topics should be included in ISAP [1A]?

Please explain why you wish guidance in this area and if appropriate provide an example to illustrate the issue.

No Comment.
