VICA 2018

1ST VIRTUAL ICA – FULL CONTENT AVAILABLE

Thanks to the support of several institutional partners from the actuarial community, many sessions from the stages of the ICA 2018 in Berlin were recorded and broadcast live online and are now available as recorded sessions on the VICA platform. Furthermore, the VICA features many exclusively-produced online presentations by qualified authors to whom the ICA could not offer a presentation slot in Berlin as well as further sessions provided by partners of the VICA.

Overall, there are over 300 videos with actuarial content available on www.actuarial-center.org.

To give you an impression of the content available, the VICA partner AFIR-ERM-Section has selected a number of highlights especially recommended for you:
