News regarding the Statement of Intent (SOI) on Climate Risks

Audience: All

The Executive Committee has approved the new terms of reference and composition of the Climate Risks Task Force (TF) as the entity that will implement the proposals in the Climate Risks SOI that is presented for approval by Council and included in the 30 day agenda.

While waiting for Council approval, the TF is doing the needed preparatory work to move quickly once approval has been received. It has contacted the liaisons nominated by FMAs for the project, and had their first quarterly conference call where recruitment for the 2020 projects has been launched. The TF is determined not to allow the COVID-19 situation to interfere with its work, but rather use it as an opportunity for constructive thinking.
