[REGISTER NOW](#)

The **ASTIN (Non-Life) Programme** is packed with the latest internationally hot topics in non-life insurance and is not to be missed!

For the first time, five IAA sections ASTIN / Life / Pensions / Health / Consulting will welcome you in Cape Town for a common colloquium. You will have the chance to discuss with professionals and academics from all the fields of actuarial science. In addition, the latest developments of actuarial science will be introduced including:

1. Applications of machine learning technics in both P&C and Life areas
2. Neural network extensions to the Lee-Carter model
3. Applications of artificial intelligence to P&C insurance
4. IFRS 17
5. Individual P&C claims reserving
6. Big data analytics applied to fraud management
7. Cyber risk
8. Soft skill sessions related to the future direction of the actuarial profession and risk communication.

The five IAA section boards and the Actuarial Society of South Africa are looking forward to welcoming you in beautiful Cape Town.
