

## **IACA SECTION REPORT FOR THE PERIOD JUNE - OCTOBER 2005**

1. As has been recorded in the IAA Newsletter, IACA ran a programme within the East Asian Actuarial Congress in Bali in September. IAA President Elect Peter Clark kindly gave one of the presentations on behalf of IACA.
2. There is a similar IACA track at the coming Conference of Consulting Actuaries meeting in Ashville, North Carolina from 31 October to 2 November.
3. On behalf of IACA, committee member Emmanuel Tassin is leading a committee putting together the IACA programme for its Biennial Congress in Paris in May/June 2006 (taking part within the IAA Congress). This will be the first occasion on which the Biennial IACA Conference has taken place within a congress.
4. IACA is not expecting to arrange any other meetings for its members during 2006, but it intends to repeat in 2007 an IACA presence at two or three actuarial meetings at various places around the globe.
5. IACA will be arranging its main biennial conference in 2008: probably in North America.

Adrian Waddingham, Chairman
