Introducing the IAA WEEKLY NEWS BRIEF

Audience: All

In order to reduce email volume to our members and volunteers, we have centralized many of our email communications in this **Weekly News Brief**. Please take note of the content headings and intended audience to identify subjects that pertain to your area of interest. Pay close attention to the information and deadlines as we will not be re-communicating this content in individual emails.

If you have a specific question regarding one of the topics, please communicate directly with the person identified in that topic instead of replying to this message. These Weekly News Briefs will also be posted on the [Website](#) should you need to refer to a previous message.

I welcome your feedback and suggestions on our new **Weekly News Brief**.

IAA IFRS17 Coordination Task Force

Audience: All

Please be informed that the Executive Committee (EC) of the IAA formed a new IFRS17 Coordination Task Force (IFRS17 CTF).

Based on several signals, the EC acknowledged that a need has arisen for the IAA to coordinate its IFRS 17 related activities both internally and externally while some of the external activities may be executed jointly with the International Financial Reporting Standards Foundation. Thus the main purpose and tasks of the IFRS17 CTF will be to coordinate certain internal as well as external activities of the IAA related to the new IFRS 17 Insurance Contracts standard.

The Terms of Reference of the new task force can be found [online](#).

Most of the members of the IFRS17 CTF are the chairpersons of the relevant bodies of the IAA and some individuals with known track record in this field.

Should your association have any question, comment or suggestion on the operation of the IFRS17 CTF, please send a note to the Director of Technical Activities, [Amali Seneviratne](#).

Gábor Hanák, Chairperson of the IFRS17 CTF
