### Banking Working Group Survey

**Audience:** Member Association Correspondents

*Please share this message from the Chair of the IAA Banking Working Group with the membership (individual actuaries and students) of your organisation and encourage them to complete this 5 minute survey as early as possible. Thank you!*

The IAA's Banking Working Group (BWG) is conducting a 5-minute survey. The survey aims to capture the global view of actuaries working or interested in banking. It is being sent to a number of actuarial associations globally, to be completed by individual actuaries and students, to gain an understanding of this emerging practice area, internationally. The results will assist in shaping the work done by the BWG, as well as the strategic direction of the IAA.

The survey is ongoing and insights from preliminary results of the survey have been shared at the IAA meetings in Chicago in October 2017.

The survey can easily be completed on your mobile device. You can access the survey here: <https://goo.gl/8q23qr>

Please complete as early as you can so that your responses can be captured and incorporated into the results.

Michael Tichareva, BWG Chairperson
